

## LIVE YOUR DREAM VACATION...

Reality is always better than the dream when it comes to travel. When you travel, wouldn't you love to decorate your journey with the most exquisite and luxurious accommodations that the country has to offer.

The Burj Al Arab in Dubai is an exquisite and breath taking hotel. It prides itself as the world's first and probably only 7-star hotel and of course, one of the world's most expensive hotels to stay in. The cost of staying in a suite begins at \$1,000 per night and increases to over \$15,000 per night. The Royal Suite is the most expensive at \$28,000 per night.

The experience begins once you arrive at the airport where your chariot awaits in the form of ..... what else?..... one of the hotel's many Rolls-Royces. You can also choose to have a helicopter fly you to the hotel during which you experience a 7 to 10 minute birds-eye-view of the city, culminating in a dramatic landing on the hotel's helipad on the 28th floor.

Once you arrive at the hotel, you are greeted with a lobby that looks more like the interior of a palace than a hotel, perfectly suited for the royalty you are paying to be. The décor can only be described as opulent or Arabian night modern. Their service is impeccable and amazing; the glass elevator is an e-ticket ride up one of the world's tallest buildings, simply out of this world, with the most beautiful atrium that boasts more colors than the rainbow.

Sun City on the other part of the globe is one of Africa's premier vacation destinations. It is internationally recognized for its superb resort offering of hotels, attractions and world-class events. From the lavish opulence of The Palace of the Lost City to the casual elegance of the Cascades, the glamour of the annual Nedbank Golf Challenge to the tropical thrills of the Valley of the Waves, Sun City delivers a variety of fascinating sights and activities.

With hundreds of activities on offer, there are so many things to do there. From family fun to adrenaline-fueled adventures, Sun City has something for everyone to enjoy. The Entertainment Centre offers a huge gaming arcade with a variety of kids' activities to enjoy, as well as fantastic prizes and toys and in case you want to enjoy some adults-only time, your kids could be dropped off at available crèches.

The month of August is the peak of summer and is usually synonymous with vacations. Schools are closed for the long break that comes with the end of another academic year and as such the kids are looking forward to fun events to fill up the time. A lot of families plan their family vacation at this time.

Your planned vacation could be a tour of the Burj Al Arab, a trip to Disneyland, Sun City Resort or a visit to the 7-step waterfall at Erin-Ijesha in Osun State. All work and no play they say makes Jack a dull boy so as you work hard, it is okay to play hard as well.

If you dream of visiting the Burj al Arab and

Imagine dining in the sky, or playing tennis a thousand feet above sea level not worrying where the ball lands. Drinking the finest wines out of a gold crystal cup or feasting on the most exquisite meals you could imagine.

You may do this only once in your lifetime..... it's worth it.

aren't married to a Saudi prince, then a good financial plan with Stanbic IBTC Asset Management as your wealth partners should be your option.

Your dream vacation doesn't have to deplete your bank account. With a proper financial plan, this dream vacation need not remain a dream. Contact us today to help make your dream come true.
